ADOT Business Coach On Demand

In order to bid and work on ADOT contracts, there are a few basic things every company needs to do first:

All companies wishing to bid and work on ADOT contracts must register as a vendor with the Arizona Unified Transportation Registration and Certification System (AZ UTRACS). You can complete an AZ UTRACS registration at the [AZ UTRACS website](#).

All contractors winning construction contracts must register with ProcureAZ in order to get paid. Additionally, ProcureAZ lists additional bidding opportunities for goods and services including some design and construction. By registering you will receive notifications of requests for proposals (RFPs) and invitations for Bid (IFBs) for goods and services contracts. You can register at any time on the [AZ Procurement Portal](#).

While there may be other things you need to do in order to work on ADOT contracts, these are the steps that apply to almost every company. Visit the ["Preparing to Bid"](#) guide for more information on bidding in your industry.

The word "QUESTIONS" is written in a large, white, bold, sans-serif font with a slight 3D effect. It is centered horizontally and partially obscured by a dense, overlapping cluster of colorful squares. The squares are in various shades including blue, orange, yellow, red, and purple, and they vary in size and opacity, creating a vibrant, abstract background for the text.
